(U//~~FOUO~~) Interest of Racially or Ethnically Motivated Violent Extremists in Radical-Traditionalist Catholic Ideology Almost Certainly Presents New Mitigation Opportunities

(U) Executive Summary

(U//~~FOUO~~) FBI Richmond assesses the increasingly observed interest of racially or ethnically motivated violent extremists (RMVEs) in radical-traditionalist Catholic (RTC)^a ideology almost certainly^b presents opportunities for threat mitigation through the exploration of new avenues for tripwire and source development. FBI Richmond makes this assessment with high confidence^c based on FBI investigations, local law enforcement agency reporting, and liaison reporting, with varying degrees of corroboration and access.

(U//~~FOUO~~) In making this assessment, FBI Richmond relied on the key assumption that RMVEs will continue to find RTC ideology attractive and will continue to attempt to connect with RTC adherents, both virtually via social media and in-person at places of worship. Indicators that would cause FBI Richmond to revise the judgments or confidence levels in its assessment include increases or decreases in RMVE subjects' attendance at RTC or traditionalist Catholic places of worship; increases or decreases in RMVE subjects' activity on social media platforms and forums maintained or frequented by RTCs; or the public distancing of prominent RTC or traditionalist Catholic personalities or institutions from RMVE ideologies. FBI Richmond assesses RMVE interest in RTCs is likely to increase over the next 12 to 24 months in the run-up

^a (U) Analyst Note: RTCs are typically characterized by the rejection of the Second Vatican Council (Vatican II) as a valid church council; disdain for most of the popes elected since Vatican II, particularly Pope Francis and Pope John Paul II; and frequent adherence to anti-Semitic, anti-immigrant, anti-LGBTQ, and white supremacist ideology. Radical-traditionalist Catholics compose a small minority of overall Roman Catholic adherents and are separate and distinct from "traditionalist Catholics" who prefer the Traditional Latin Mass and pre-Vatican II teachings and traditions, but without the more extremist ideological beliefs and violent rhetoric. Vatican II took place from 1962-1965 and essentially shaped the modern Roman Rite Catholic Church. It was intended to help the church respond to global cultural changes in the aftermath of World War II and resulted in significant reforms to the liturgy, attitudes toward non-Christian religions, roles and responsibilities of the laity, views on religious freedom, etc.

to the next general election cycle, complicating the overall RMVE threat picture while also creating new opportunities for mitigation efforts. During this same 12 to 24 month period, the overall RTC community is likely to remain relatively stable or show modest growth, providing RMVEs a persistent Catholic-oriented base with which to interact. FBI Richmond did not include an Analysis of Alternatives in this product due to the quality of the source information and the lack of significant uncertainties.

~~UNCLASSIFIED//FOR OFFICIAL USE ONLY~~

(U) Source Summary Statement

(U//~~FOUO~~) Reporting in this Domain Perspective (DP) was primarily derived from an FBI Richmond contact with direct access who reported for the first time, an FBI Portland liaison contact with direct access, an FBI Undercover Employee (UCE) with direct access, local law enforcement agency reporting with varying degrees of corroboration and access, and open source reporting. FBI investigative case files, local law enforcement agency reporting, and liaison reporting were critical to the development of the DP's overall assessments by providing credible examples of RMVE actors expressing interest in and/or actively adopting RTC ideology. Open source information was instrumental in providing an understanding of current trends in the far right white nationalist movement and background information on the various RTC and traditionalist Catholic factions. The information was dated between 9 July 2020 and 28 November 2022. The reporting was current as of 11 January 2023.

(U//~~FOUO~~) Increasingly Observed Interest of RMVEs in RTC Ideology Almost Certainly Presents New Opportunities for Threat Mitigation

(U//~~FOUO~~) FBI Richmond assesses the increasingly observed interest of RMVEs in RTC ideology almost certainly presents new opportunities for threat mitigation through the exploration of new avenues for tripwire and source development. This assessment is based on reporting from an FBI UCE, jail calls associated with [REDACTED] local law enforcement agency reporting, and liaison and contact reporting demonstrating RMVE actors have sought out and attended traditionalist Catholic houses of worship, as well as used language indicative of adherence to RTC ideology in social media postings.

- (U//~~FOUO~~) According to an FBI Richmond contact with direct access reporting for the first time, prior to RMVE actor [REDACTED]'s [REDACTED] 2022 arrest he had been attending the Society of Saint Pius X^d (SSPX)-affiliated [REDACTED] in [REDACTED] Virginia, for approximately seven months and was participating in catechism

b6 -4
b7C -4

^d (U) Analyst Note: The Society of Saint Pius X (SSPX) is an international priestly society that promotes the traditional Catholic priesthood and the celebration of the traditional Latin Mass and sacraments. It is named after Pope Pius X whose anti-Modernist stance serves as the organization's inspiration. The SSPX is currently considered "canonically irregular" (i.e., not in full communion with the Vatican). The SSPX has spawned a number of offshoots. These include SSPX-Resistance, aka SSPX-Marian Corps (SSPX-MC), which rejected SSPX attempts to reconcile with the Vatican; the Priestly Fraternity of Saint Peter (FSSP), which holds to many of the SSPX beliefs and practices, but ultimately split from the SSPX to stay in full communion with the Vatican; and the Society of Saint Pius V (SSPV), which does not consider Vatican II valid and binding, questions the legitimacy of all of the popes since Vatican II, and has no canonical standing (i.e., is schismatic).

classes as part of the process to become baptized.^{1,2} Prior to attending [REDACTED] [REDACTED] stated he wanted to find a church that was “anti-Zionist” and “anti-progressive” because “that’s where God lives.”³ In [REDACTED] extensive anti-Semitic, anti-LGBTQ, and racist postings on the social media platform [REDACTED] claimed [REDACTED] was a “radical traditional Catholic Clerical Fascist.” At the time of [REDACTED] arrest, eight Molotov cocktails, six smoke bombs, one smoke grenade, and firearms components consisting of a complete Glock 19 slide/upper receiver, a lower parts kit, a 3D printed Glock 19 frame, a magazine, and 9 mm ammunition were found in his possession.⁴

- (U//~~FOUO~~) According to an FBI Portland liaison contact with indirect access, as of September 2021, deceased RMVE subject Robert Reynolds had previously posted online that he first sought out a mainline Roman Catholic community that practiced the Novus Ordo liturgy^e and then gravitated to the SSPX. In a comment posted to an online discussion group Reynolds noted, “I’ve been trying to be catholic [sic] for 2 years I went to a novus ordo church at first then became radicalized by the internet after they told me to go away because of fake virusb [sic].” Reynolds posted a photograph of himself outside of a Catholic church and several pictures from inside of the church captioned, “The holy sacrifice of the mass. Join the Catholic Taliban.” Reynolds also posted graphics depicting Jesus holding an assault rifle.⁵ Prior to his death, Reynolds was under investigation by FBI Portland for his involvement in civil disturbances, vandalism, threatening communications, weapons violations, and other acts of violence furthering his white supremacist ideology.⁶

- (U//~~FOUO~~) According to an FBI UCE with direct access, as of July 2021, FBI [REDACTED] RMVE subject [REDACTED] attended the SSPX-affiliated [REDACTED] Church in [REDACTED] California, for over a year prior to his relocation to [REDACTED]. While at [REDACTED] started a [REDACTED] company, [REDACTED] [REDACTED] to provide [REDACTED] for the church. [REDACTED] planned to expand [REDACTED] to other churches and include “fraternal-based” meetings and events.⁷ FBI Los Angeles originally initiated an investigation of [REDACTED] based on allegations that [REDACTED] was a neo-Nazi with racist and sexist views known to verbally harass and physically assault those who opposed his positions. [REDACTED] was a member of Legio Christi^f, now known as “Imperium,” an organization that violently opposes LGBTQ individuals. [REDACTED] has attempted to acquire unregistered “paperless” firearms and large capacity ammunition magazines in the past.⁸

(U) Perspective

(U) As of 2021, the Southern Poverty Law Center identified nine RTC hate groups operating in the United States (*see Appendix D for a complete list of these groups and their headquarters*)

^e (U) Novus Ordo, short for Novus Ordo Missae, refers to the new order of the Catholic Mass promulgated by Pope Paul VI in the aftermath of Vatican II. The Novus Ordo Mass is delivered in the vernacular (as opposed to Latin) and is the normal form of the Mass in the Roman Rite of the Catholic Church.

^f (U) Legio Christi is not associated with the mainline Roman Catholic religious order known as the Legionaries of Christ, aka the Legion of Christ.

locations).⁹ Open source reporting and FBI investigations have noted a growing overlap between the far-right white nationalist movement and RTCs. Illustrative of this has been the increasing collaboration of the far-right Catholic media outlet Church Militant (and its activist wing, the Resistance network) with the America First/“groyper”^g movement.^{10,11} The ongoing convergence of the far-right white nationalist movement and RTCs was further demonstrated through the increase in hostility toward abortion-rights advocates on social media sites in the run-up to and aftermath of the *Dobbs v. Jackson Women’s Health Organization* decision that overturned *Roe v. Wade*.¹² Much of the interaction between far-right white nationalists and RTCs takes place online, and adherents of RTCs and other far-right white nationalist groups frequently share language and symbolism, such as crusader references or anti-Semitic discourses.

(U//~~FOUO~~) This is the first FBI Richmond domain product to focus on the interest of RMVEs in the RTC movement. A search of FBI databases indicated this is also the first FBI finished intelligence product to specifically address this environmental variable.

(U) Outlook

(U//~~FOUO~~) FBI Richmond assesses RMVE interest in RTCs is likely to increase over the next 12 to 24 months in the run-up to the next general election cycle complicating the overall RMVE threat picture while also creating new opportunities for mitigation efforts. This assessment is made in light of the ongoing polarization characterizing the US political environment and the probability that policy issues of mutual interest to RMVEs and RTC adherents will remain in the public spotlight. Catalyzing events in which RMVEs and RTC adherents might have common cause include legislation or judicial decisions in areas such as abortion rights,^h immigration, affirmative action, and LGBTQ protections. During this same 12 to 24 month period, the overall RTC community is likely to remain relatively stable or show modest growth based on potential disaffection with mainline Catholic churches on social issues in the aforementioned areas, providing RMVEs a persistent Catholic-oriented base with which to interact.

(U//~~FOUO~~) Ultimately, there may be limits to the level of engagement between RTCs and other far-right white nationalists. For example, many RTCs consider other forms of Christianity to be heretical and an over-emphasis on white US nationalism may be off-putting to RTCs of different ethnicities and countries of origin. Conversely, deep-seated anti-Catholicism remains a characteristic of many far-right white nationalists. Nonetheless, the current trend of RMVE interest in RTC ideology provides new opportunities to mitigate the RMVE threat through outreach to traditionalist Catholic parishesⁱ and the development of sources with the placement

^g (U) The term “groyper” refers to followers of [REDACTED] alt-right “America First” movement, which is characterized by its white Christian nationalism platform.

^h (U) Analyst Note: Currently, Virginia bans abortion after 26 weeks, 6 days, unless performed by a licensed physician in a licensed hospital with three physicians certifying that the continuation of the pregnancy will result in death of the pregnant person or impair their mental or physical health. According to open source reporting, in the aftermath of the Supreme Court’s decision to overturn *Roe v. Wade*, Virginia Governor Youngkin has called on state legislators to enact restrictions that would ban abortions in Virginia after 15 weeks.

ⁱ (U) According to official websites for the respective organizations, there are both SSPX and FSSP houses of worship in the FBI Richmond AOR. There are no formally recognized SSPX-MC or SSPV houses of worship in the FBI Richmond AOR.

and access to report on RMVEs seeking to use RTC social media sites or places of worship as facilitation platforms to promote violence.

(U) Intelligence Gaps

(U//~~FOUO~~) FBI Richmond established the following FY2023 Priority Collection Gap to drive collection against factors motivating RMVEs to commit violence, which may include increased religiosity and/or adherence to extreme religious teachings:

- (U//~~FOUO~~) What are the catalysts for RMVEs to commit criminal or violent acts in FBI Richmond's area of responsibility (AOR)? [RH-GAP-0023-CTD-491-23]

(U//~~FOUO~~) In addition, the following FBI Requirement Essential Element of Information focuses on RMVE actors adhering to ideologies that may be associated with aspirations to conduct criminal activity or acts of violence:

- (U//~~FOUO~~) Identify instances of RMVEs' increasing adherence to, or merging of, relatively novel ideological themes to promote and/or warrant carrying out violence or other criminal activity. [Citation: USA-TERR-CTD-SR-1185-22.I.A.8]

(U) Opportunities

- (U//~~FOUO~~) In addition to [REDACTED] engage in outreach to the leadership of other SSPX chapels in the FBI Richmond AOR to sensitize these congregations to the warning signs of radicalization and enlist their assistance to serve as suspicious activity tripwires. The following are the formally recognized SSPX chapels in the FBI Richmond AOR:
 - (U) Immaculate Heart of Mary Chapel, 5267 John Marshall Highway, Linden, Virginia 22642; mailing address P.O. Box 1344, Front Royal, Virginia 22630; telephone number 603-244-6643
 - (U) Our Lady of Fatima Chapel, 5217 Futura Avenue, Richmond, Virginia 23231; telephone number 804-222-3530
 - (U) St. Thomas Aquinas Seminary,^j 1208 Archbishop Lefebvre Avenue, Dillwyn, Virginia 23936; telephone number 434-505-7007, fax number 507-216-6243
- (U//~~FOUO~~) Engage in outreach with the leadership of St. Joseph Parish (828 Buford Road, Richmond, Virginia; telephone number 804-320-4932, fax number 804-451-1009), the sole FSSP parish in the FBI Richmond AOR, to sensitize the congregation to the warning signs of radicalization and enlist their assistance to serve as suspicious activity tripwires.

^j (U) According to the official SSPX website, St. Thomas Aquinas Seminary is the only SSPX seminary currently operating in the United States.

- (U//~~FOUO~~) Based on historical instances of RTC/RMVE actors initially seeking out or attending mainline Catholic parishes, consider outreach to the Diocese of Richmond Pastoral Center (7800 Carousel Lane, Richmond, Virginia 23294; telephone number 804-359-5661, fax number 804-358-9159) to provide background information on the increasing intersection of RMVE actors and RTC, and enlist the diocesan leadership's assistance in sensitizing parishes to the warning signs of radicalization.
- (U//~~FOUO~~) Use Requests for Collection to leverage existing sources and/or initiate Type 5 Assessments to develop new sources with the placement and access to report on RMVEs frequenting RTC social media platforms/forums/websites, RMVEs currently attending RTC places of worship, or RMVEs expressing an interest in attending RTC places of worship.

Good morning all,

Thank you for the additional information. A couple process/practice questions:

1. What is the normal approval/collaboration chain before a domain perspective can be finalized and published (i.e., serialized to a case file as the final product)? Is there a minimum requirement for certain approvers per policy?
2. What is the expected dissemination for a domain perspective? (For example, it sounds like in addition to the case file, it was hosted on a sharepoint site)?
3. With regards to SPLC and any similar advocacy group or non-governmental organization more broadly, is there a DI or other policy that directs employees not to consider them authoritative? Along those lines, is there clear policy that requires caveating such a citation? It seems that some of our folks may be equating a third-party organization with another government organization, and perhaps we need to remind the workforce about non-governmental organizations.

Thanks,
Miriam

Good morning all,

Thank you for the additional information. A couple process/practice questions:

1. What is the normal approval/collaboration chain before a domain perspective can be finalized and published (i.e., serialized to a case file as the final product)? Is there a minimum requirement for certain approvers per policy?
 - (U//~~FOUO~~) DPs must be approved, at a minimum, by the author's SIA and either the Intelligence Program Coordinator (IPC) if the product's author is in a field office or Unit Chief if the product's author is in a headquarters division. If there are multiple authors, all their SIAs and either their IPCs or UCs, as applicable, must approve. All approvals must be documented on the DP approval lines.
 - (U//~~FOUO~~) DPs must be reviewed by the Domain Management Coordinator(s) of the authoring FO(s)

--- (U//~~FOUO~~) DPs may list additional individuals to reflect division-specific Approval, Review, and Coordination processes, in accordance with IPPG Sections 10.3 and 10.4.

- Thanks,
Miriam

- With respect to sourcing (in particular, SPLC): SPLC has been a source for statistics and data not otherwise available to law enforcement. However, this product cites more subjective information from SPLC (a list of hate groups) without examining SPLC's threshold for determining a hate group or explanation of how that threshold

aligns with the FBI's definition.

b7E -4

We will share our fuller read with CTD and welcome any questions.

Thanks,
Tonya

STRAIGHT TALK PODCAST IS LIVE!

April 11, 2022

Your Monday Motivation From Dean...

Hi Everyone!

This week's Leadership Theme: It's a Growth Thing...

Yes, we find ourselves at the "springiest" of Spring weeks - Easter for those who are Christian and I believe Passover begins this Friday, April 15th and for those in the Muslim faith, I believe Ramadan started last week and continues. Please enjoy this beautiful time of year with family regardless of your beliefs (or lack of). I truly do wish each of you a happy a productive spring as we enter the 2nd quarter of 2023 and want to spend a few minutes talking about the importance of growth as all of the new foliage and plants "spring" to life.

We will often hear people talk of "growing" in their faith or growing in their understanding of a professional topic. Well it's no different in any other aspect of your life be it your professional, personal or relational lives.

I truly believe that we are ALL growing - it really just depends in which direction!

(U) Information Report

(U//~~LES~~) Since the 2 May 2022 leak of a US Supreme Court (SCOTUS) draft ruling in *r*, there have been a number of acts of property damage, arson, vandalism, and threats/intimidation against US persons, US businesses, US houses of worship^b, and reproductive health care service facilities/providers (RHCFs)^c. These incidents

^a (U) *r* is a pending US Supreme Court case on the constitutionality of a 2018 Mississippi state law that banned abortion operations after the first 15 weeks of pregnancy. Oral arguments were held in December 2021, with a decision expected by the end of the 2021–22 term this summer.

^b (U) Houses of worship or places of worship include – but are not limited to – churches, mosques/Islamic centers, synagogues, and temples.

^c (U) The term “reproductive health services” means reproductive health services provided in a hospital, clinic, physician’s office, or other facility, and includes medical, surgical, counseling or referral services relating to the human reproductive system, including services relating to pregnancy or the termination of a pregnancy.

may constitute Freedom of Access to Clinic Entrances (FACE) Act^d violations, hate crimes^e and other criminal activity in the United States. Threat actors include suspected FACE Act violators and those motivated to commit other criminal acts, hate crime perpetrators, and abortion-related violent extremists (AbRVE)^f motivated by both pro-life and pro-choice ideologies.^g

b7E -4

^d (U) Freedom of Access to Clinic Entrances (FACE) Act: the FACE Act makes it a federal crime to injure, intimidate, or interfere with those seeking to obtain or provide reproductive health care services – including through assault, murder, burglary, physical blockade, and making threatening phone calls and mailings. This law also prohibits damaging or destroying any facility because reproductive health services are provided within. Reference Title 18 U.S.C. § 248 – Freedom of access to clinic entrances.

^e (U) The FBI defines a hate crime as criminal offense against a person or property motivated in whole or in part by an offender's bias against a race, religion, disability, sexual orientation, ethnicity, gender, or gender identity.

^f (U//~~FOUO~~) Abortion-related violent extremists seek to further their pro-life or pro-choice ideologies through the threat or use of force or violence against individuals or facilities which provide services in opposition of their beliefs. Pro-life extremists believe force or violence is necessary to save the lives of the unborn. Pro-choice extremists believe it is their moral duty to protect those who provide or receive reproductive health care services.

b7E -4

(U) Law Enforcement Guidance Section

(U) Some key indicators that a FACE Act, Hate Crime, and/or a Church Arson Prevention Act violation may have occurred include:

- (U) Evidence provided by victims and witnesses
- (U) Ethnic, religious, or cultural differences between the perpetrator and the victim
- (U) Perpetrator's comments, written statements, gestures, or graffiti indicative of a bias

- (U) Involvement of members or associates of an organized hate group
- (U) Location and timing of the incident
- (U) Lack of other motives

(U) The presence of any of these factors does not confirm that the incident was a hate crime but may indicate the need for further investigation into motive.

(U) The FACE Act does not criminalize the lawful exercise of one's constitutional rights. For instance, it is not a violation to protest peacefully outside of a reproductive health care facility, including such actions as carrying signs, chanting, singing hymns, distributing literature, and shouting as part of First Amendment protected activities – as long as they do not injure, intimidate, or interfere with those seeking to obtain or provide reproductive health care services and/or damage or destroy any facility because reproductive health care services are provided within.

(U//~~FOUO~~) Some indicators of abortion-related violent extremism ideology may be constitutionally protected conduct. The following indicators of abortion-related violent extremist ideology may constitute a basis for reporting or law enforcement action when observed in combination with suspicious criminal or potentially violent activity.

(U//~~FOUO~~) Threat indicators of abortion-related violent extremism:

- (U//~~FOUO~~) Expressing violent and threatening extremist rhetoric
- (U//~~FOUO~~) Articulating a moral justification for partaking in or threatening criminal, violent activity
- (U//~~FOUO~~) Engaging in criminal activity or expressing violent rhetoric targeting individuals or facilities to which they are ideologically opposed
- (U//~~FOUO~~) Making harassing telephone calls or sending harassing communications to primary or secondary targets
- (U//~~FOUO~~) Demonstrating a willingness to use lethal violence
- (U//~~FOUO~~) Espousing admiration for abortion-related violence or violent extremists
- (U//~~FOUO~~) Soliciting information pertaining to reproductive health care physicians and staff

(U) Any information regarding suspected civil rights crimesⁱ or abortion-related violent extremism criminal activity should be reported to your nearest FBI Field Office^j or visit <https://www.fbi.gov>.

(U//~~FOUO~~) Discovery of Unmarked Indigenous Graves in Canada Very Likely Will Motivate Potential Perpetrators of Hate Crimes to Vandalize Christian Churches in the United States

(U//~~FOUO~~) The FBI assesses the discovery of unmarked graves at Canadian Indian Boarding Schools, which began in May 2021, likely will motivate potential perpetrators of hate crimes (PPHC) to vandalize Christian churches^a, leading to an uptick in threat activity that may expand to government facilities. Transitory

Good Afternoon, Sir,

I asked [REDACTED] to set up a meeting on your schedule on 12/6 with me, [REDACTED] for several follow-up questions about your Top 100 list request. I was unable to answer the groups' questions about what you consider priority attributes [REDACTED] and confusion is due to an overlap between a similar effort that [REDACTED] were already working. They were also asking about your overall vision of this list, and on remolding InfraGard to include high-level experts to network with.
