HE Benjamin Netanyahu
Prime Minister of Israel
The Office of the Prime Minister
Kiryat Ben Gurion, Building C
Jerusalem 91950, Israel

Dear Mr. Prime Minister:

Please accept my heartfelt condolences for the widespread loss of life visited upon Israel by Hamas terrorists on Saturday, the 7th of October. Like so many others, I viewed with horror the photos on the news as well as social media footage of Hamas terrorists celebrating their despicable acts of indiscriminate murder, rape, desecration of the dead, and hostage taking. Words cannot express the revulsion and anger I felt and still feel as I watched that footage. Israel has witnessed firsthand the face of demonic evil in those barbarous acts.

Please be assured of our prayers for the families directly touched by Hamas's savage attacks, for the entire nation of Israel as you prepare to take the fight to the enemy, and for you and your team as you plan and execute righteous judgment on those who planned and perpetrated these heinous attacks. May the Sovereign of the Universe give you and your leadership team Divine wisdom in all that you do in responding to this outrage. May He guide your planning, and may He guide each bomb the IAF drops and each round fired by the IDF to find its proper target. Most of all, may He reveal Himself and His righteous anger to your enemies so they tremble in fear as they come to realize that the Holy One of Israel neither slumbers nor sleeps as He regards His people.

I was honored to be with you in the Oval Office during my representation of President Trump for the signing of the Golan Declaration and, then again, with you in Jerusalem for the opening of the U.S. Embassy there. I want to personally assure you on behalf of the over 550,000 members of the ACLJ, that we stand in solidarity with you and the people of Israel and that we pray for God's protection of Israel as you root out and destroy Hamas in the Gaza Strip. We support your objective to utterly destroy Hamas and its operatives. Hamas is a cancer on the land that will continue to metastasize until it is completely removed.
