**RE: FOIA Request about the HHS's Minneapolis daycare fraud investigation**

Dear Ms. Perkins:

This letter is a request (“Request”) in accordance with the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, and the corresponding department/agency implementing regulations.

The Request is made by the American Center for Law and Justice (“ACLJ”)<sup>1</sup> on behalf of its supporters.

To summarize, this Request seeks records pertaining to the United States Department of Health and Human Services (“HHS”) ongoing or pending fraud investigations regarding daycares in Minneapolis, Minnesota.

**BACKGROUND**

Pursuant to U.S. Department of Health and Human Services (“HHS”) FOIA regulation 45 C.F.R. § 5.21(3), this Background “provide[s] details that will help . . . identify and find the records” requested to the extent known.

In December 2025, a YouTube video highlighted Minnesota daycare facilities that have received millions of taxpayer dollars.<sup>2</sup> One facility included was the Quality Learning Center<sup>3</sup> (Minnesota Department of Human Services (“MDHS”) License No. 1087038<sup>4</sup>) located in Minneapolis. The Quality Learning Center gained significant attention because it had a misspelled sign reading “Quality Learing Center.”<sup>5</sup>

Quality Learning Center (hereafter, Quality) has received \$1.9 million in funding from the Minnesota Child Care Assistance Program for fiscal year 2025.<sup>6</sup> In late December, it “had all the appearances of being open[,]”<sup>7</sup> but Commissioner Tikki Brown of the Department of Children, Youth, and Families (“DCYF”) implied to Minnesota State Representative Nolan West that Quality had informed DCYF that it was closed.<sup>8</sup> Licensing investigators then learned that Quality had decided to remain open when they made a visit ten days later.<sup>9</sup>

On December 30, 2025, the Nokomis Daycare Center (MDHS License No. 1082133<sup>10</sup>) in Minneapolis was robbed of documents, including records on enrollment, financial documents, and employment information.<sup>11</sup> The Minnesota Department of Human Services did not show a record of the Nokomis Daycare Center committing fraud.<sup>12</sup> Nokomis Daycare Center was not included in the viral YouTube video<sup>13</sup> and did not have violations related to children’s records in its four licensing reviews and one licensing investigation since 2022.<sup>14</sup>

<sup>14</sup> *License Details: Nokomis Daycare Center Inc.*, *supra* note 10.

Quality and Nokomis Daycare Center both had their licenses renewed on January 1, 2025.<sup>15</sup> However, within seven months of those renewals, both centers had multiple violations recorded following licensing reviews (June 23, 2025 for Quality and October 30, 2025 for Nokomis Daycare Center).<sup>16</sup>

Prior violations in thirteen licensing investigations, licensing reviews, or conditional license reviews from 2022 to 2025 for Quality found violations including:

- (1) Staff not supervising children at all times;
- (2) Not reporting a death, serious injury, fire, or emergency that it was required to report;
- (3) Crib mattresses and/or sheets not meeting safety requirements and/or there being items in a crib for a less-than-twelve-month-old infant;
- (4) Indoor air temperature being below 68 degrees Fahrenheit;
- (5) Accessibility of hazardous objects and area to children;
- (6) Unmainted fire extinguishers;
- (7) Lack of compliance with requirements of first aid training;
- (8) Lack of an emergency preparedness plan;
- (9) Lack of access to personal hygiene products for children;
- (10) Lack of handwashing with soap and water from staff or for children;
- (11) Unshielded or lack of tamper-proofing for electrical outlets; and
- (12) Lack of emergency equipment, among several other violations.<sup>17</sup>

For Nokomis Daycare Center, following one 2022 licensing review in compliance, there were four other visits resulting in violations from 2023 to 2025.<sup>18</sup> These violations included (1) accessibility of hazardous objects to children; (2) lack of training requirement completion for staff; and (3) documentation not available to show a teacher satisfied qualification requirements.<sup>19</sup> None were found under the category of children's records.<sup>20</sup>

When confronted about being vacant, the manager of Quality said that the YouTube investigation occurred outside of the regular hours of the facility (Monday to Thursday, 2 to 10 P.M.).<sup>21</sup> However, in 2015, the Quality Learning Center (then called the Salama Child Care Center<sup>22</sup>) was raided by the FBI following allegations it had billed the child assistance program in

Minnesota for more children than present at the location.<sup>23</sup> Further, of the violations listed for safety purposes, Quality had violations of lacking complete attendance records in 2022; lacking files for each child in 2022; and lacking required items in children's records in 2022, 2023, and 2024.<sup>24</sup>

As of January 2, 2026, DCYF stated that investigators with the agency were looking into four of nine child care centers that received funding from the Minnesota Child Care Assistance Program in fiscal year 2025, but did not specify if the review included the Quality Learning Center (Nokomis Daycare Center was not included on the list).<sup>25</sup>
